6:30 PM **me**: seems they've had Alex Jones on
BushwickBK.com: yeah...
6:31 PM and Rand Paul for what that's worth
me: fuck Rand Paul
and his Tea Party bullshit
BushwickBK.com: he's mostly not even Tea Party
he's just shit
me: yeah
he's not his father
his father wasn't even his father
6:32 PM **BushwickBK.com**: and he'll devalue the libertarian label and movement, which has been a goal of mine for a while, so that's fine
me: thought you self-applied the label
BushwickBK.com: I specifically reject it
me: very well
BushwickBK.com: because most libertarians are idiots who say stupid things
6:33 PM and are just in general annoying and juvenile
me: right
anarcho-technocracy, then
?
BushwickBK.com: which is all beside the point that we're all better off as a guerrilla army inserting the correct talking points into debates here and there with no label
me: right
BushwickBK.com: whuch is what I do all the time to the hearty agreement of all kinds of prog rubes
6:34 PM libertarianism is its own poison
self-defeatng
like I need my sound arguments undercut by being tied to randroids and such
6:35 PM **me**: right
Megan McArdle
BushwickBK.com: and anyway, since libertarians tried to get me fired for cheering the deaths of american troops many years ago, I have had it out for the lot of them
who's that
me: fired from where?
6:36 PM **BushwickBK.com**: antiwar

me: some dumb bitch blogger who likes Ayn Rand and now writes for The Atlantic
a lot of these libertarians were simply Bushites
down in Austin, for instance
BushwickBK.com: ah
me: ran their own magazine
BushwickBK.com: Ayn Rand was a cancer
6:37 PM she didn't spread the correct ideas so much as mutate and coopt them
6:38 PM hm this chick seems annoy9ing
Jane Galt lawl
6:39 PM still I'd punch Liz Cheney three times before I hit both of them once

39 minutes

7:18 PM **me**: I'm thinking I'm going to embarrass the Kremlin tomorrow night
the broadcast will be live, apparently
7:19 PM if so
I will provide an example of poor American journalism
as regards Thomas Friedman's pro-Putin sentiments in 2001
BushwickBK.com: how's that
oh haha
me: and the Russian apartment bombings of 1999
BushwickBK.com: you're talking about Russia? do they know this?
7:20 PM **me**: being an FSB operation
I'm talking about Hastings and my VF article and journalism
what they don't know
BushwickBK.com: they're Kremlin-financed
me: is that I've already made the case that apartment bombings was FSB false flag operation
in articles
and in my upcoming book
which I'll be promoting at any rate
7:21 PM yes, they are Kremlin-backed
oops, gotta play Mario Kart with step-brother, adios
BushwickBK.com: latr

13 minutes

7:35 PM **me**: so anywho
if I can confirm it's a live broadcast
I'll be mentioning all that
7:36 PM **BushwickBK.com**: yeah otherwise it won't go up
me: yeah
7:37 PM and won't stay up either
in which case I can point out their censorship
BushwickBK.com: fun
me: I need to figure out some details, like whether they broadcast everything

online

7:38 PM **BushwickBK.com**: they interviewed my boss at his house, but it took two weeks to be broadcast
(shitty editing too)

7:39 PM **me**: they asked me in this case what time would work best for me
noting various broadcast times
one of our guys, Mark Adomanis, has been a guest a couple of times

7:40 PM **BushwickBK.com**: are you using your webcam?

me: yep

BushwickBK.com: they do that with another one of our peopel sometimes
I think those are live

me: beautiful

BushwickBK.com: yeah you're gonna be live

me: then operation Fuck The Kremlin is a go
